

# KENNY CLAMPS®

## BONDING AND GROUNDING CONNECTOR

### APPLICATION

Clamp connector is for bonding and grounding of electrode conductors in panel boards, transformers, raceways and enclosures.

### FEATURES

- The Kenny Clamp is the ONLY UL Listed connector for bonding and grounding of electrode conductors
- Assures good metallic connection and low impedance path for grounding and bonding of electrical equipment
- Tested and listed at 9000 amperes
- Complies with 110.3 (B) 250.8 and 312.5 A NEC, using a listed grounding or bonding connector for the proper application
- Meets UL 467 requirements for bonding and grounding and UL 468A standard for connectors

### STANDARD MATERIALS

Brass

## TYPE KC1AST
